

Introductory Information

Information according to §11 VersVermV
(Regulation on Insurance Mediation)

Leazear is a registered business in Germany. We are a software development company but we are also offering insurances from a number of insurance providers for our target group (international students coming to Germany). To reduce paperwork we provide a digital solution for our visitors to apply for the insurances from our partners.

We do not charge the website visitors who use our form to apply any extra for the service of sending their data to our partners in order to get insurance coverage by them. We receive a commission from our partners for the service of getting them new customers, however we chose our partners very carefully in order to offer the best services according to our assessment.

We are not an insurance provider/company or hold any ownership shares of our partner insurance companies.

In order to being allowed to offer this kind of service by German law we are meeting the requirements:

Insurance broker license §34 d GewO

The Leazear UG (haftungsbeschränkt) is licensed as an insurance agent (multiple agent) with statutory permission requirement in accordance with § 34d Abs. 1 GewO.

Registration number: D-XVFP-7XPBK-21.
